

# School Bus Extended Coverages EPA 2017 Quick Reference Guide

Cummins knows not all school bus operations are the same, which is why we offer a wide range of extended coverage options, giving our customers the power to choose the plan that works for them. Cummins extended coverages are available on ISB6.7/B6.7, ISL/L9, 2017 engines in the United States and Canada. Only EPA 2017 engines are eligible to purchase 2017 Extended Coverage programs.

## EXC COVERAGE

### Complete coverage, including EGR components.

- Nine options to choose from starting at 5 years/150,000 miles up to 10 years/unlimited miles

## SBP COVERAGE

### Complete coverage, minus injectors.

- Six options to choose from starting at 7 years/150,000 miles up to 10 years/unlimited miles

## NEC COVERAGE

### Engine coverage includes EGR components excluding all maintenance components and accessories which bear the name of another company.

- Maintenance components excluded from coverage include, but are not limited to: fuel injectors, fuel pump, turbocharger, air compressor, fan clutch, water pump, fan hub, fan idler pulley assembly, vibration damper, belts, hoses, belt tensioner, and thermostat.
- Six options to choose from starting at 5 years/150,000 miles up to 10 years/unlimited miles

- Two options to choose from:  
7 years/150,000 miles or 10 years/200,000 miles

## AFTERTREATMENT COVERAGE

Cummins aftertreatment system extended coverage is available for purchase in addition to engine coverage. Protection Plan Plus (EXC) of greater or equal duration must be purchased to be eligible for aftertreatment coverage. Coverage includes the complete aftertreatment system (DPF and SCR System).

- Coverage registered before 366 days from date in service will have no administrative fee.
- Coverage registered after 365 days from date in service and before 546 days in service will have an administrative fee.
- Coverage can NOT be registered after 545 days in service or upon base warranty expiration.
- All purchased Cummins extended coverage plans must be documented on a Cummins Customized Assurance Plan Certificate. The certificate must be signed and dated by the customer.

**For more information, please reference the Cummins extended coverage legal bulletins or call 1-800-CUMMINS.**
